Deze Privateer-Silverline trawler (CE-A) werd in 2011 gebouwd en eerst door de werf als demoschip gebruikt en vervolgens in 2017 door de huidige Duitse eigenaar gekocht. Via www.youtube.com/watch?v=kycIOLKDdaA&t=6s & https://www.youtube.com/watch?v=K_WlmHg6Gn4) kunt u de originele werf promotiefilms vinden.

De specificaties zijn volgens opgave eigenaar en/of fabrikant, hier kunnen geen rechten aan worden ontleend.

This almost new, oceangoing (CE-Cat. A) Silverline Trawler 1500 from 2011 was used by Privateer & Silverline Yachts as a trade fair ship until it was acquired by the current German owner in 2017.

The following two links (www.youtube.com/watch?v=kycIOLKDdaA&t=6s) & (https://www.youtube.com/watch?v=K_WlmHg6Gn4) provide access to Privateer's official promotional films, which show the condition/equipment before being sold to the current owners. This steel ship, of which there are only two in the world, was offered with a "standard full equipment". In addition, special installations/wishes with a volume of more than 80,000€ were realized up to the takeover at approximately 110 engine hours in 2017.

The specifications are provided by the owner and/or manufacturer, no rights can be derived from this.
